Prilosec OTC	\$0.00

### How does it work?

- Step 1: Consult your physician to see if your condition can be effectively treated using a less costly alternative.
- Step 2: Provide the normal prescription from your physician with authorization to use the Over the Counter alternative.
- Step 3: Present your health insurance card with the R<sub>x</sub>EDO R<sub>x</sub> logo on it and receive the benefit of a \$0 co-pay at any Network pharmacy.

We hope that you will take advantage of this benefit and look forward to bringing you more programs in the future designed to help save you money on your prescription drugs.

Please feel free to contact our Member Services department toll free at 1-888-879-7336 if you have any questions or concerns.

Thanks!
